

INDUSTRIAL CQ

**Specialists in industrial
floor coatings and
illuminated surfaces**

WHO WE ARE

BUILT ON SAFETY. FOCUSED ON RESULTS.

Industrial CQ is a Central Queensland based company delivering high-performance floor coatings, line marking, concrete crack repair and illuminated surface systems.

Our systems are designed to improve safety, visibility and operational flow in the most demanding industrial environments.

WHAT WE DO

We provide specialist surface solutions that enhance safety, extend asset life and support efficient operations.

INDUSTRIAL FLOOR COATINGS

High-performance coating systems built for durability and heavy-duty conditions.

LINE MARKING & SIGNAGE

Precision line marking and signage that improves safety and traffic flow.

CONCRETE CRACK REPAIR

Specialised repair systems that restore and protect concrete surfaces.

ILLUMINATED SURFACE SYSTEMS

Glow in the dark and illuminated solutions that improve visibility and wayfinding.

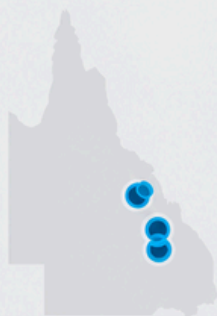

WHERE WE OPERATE

Proudly based in Central Queensland

Delivering solutions across:

- Central Queensland
- Regional Queensland
- Statewide Projects

INDUSTRIES WE SUPPORT

INDUSTRIAL

MINING

COMMERCIAL

WAREHOUSING

PUBLIC SPACES

We don't just deliver surface solutions – we deliver **safer**, **cleaner** and **more productive** environments.

OUR DIFFERENCE

SAFETY FIRST

Safety is at the core of everything we do.

EXPERIENCED TEAM

Skilled and committed professionals with on-site expertise.

QUALITY SYSTEMS

Proven systems and processes that ensure consistent quality.

RELIABLE DELIVERY

On time, on spec and built to last.

LOCAL & RESPONSIVE

Local team, local knowledge – responsive and easy to work with.

CAPABILITY STATEMENT

INDUSTRIAL CQ

BUILT FOR INDUSTRY

BUILT ON EXPERIENCE. DRIVEN BY SOLUTIONS.

Based in Central Queensland, Industrial CQ provides durable, compliant, and long-lasting surface systems for facilities that demand reliability. We combine technical expertise with practical on-site experience to deliver results that stand up to real-world conditions.

WHERE WE WORK: Central QLD, Regional QLD, Statewide projects

INDUSTRIES: Industrial, mining, commercial, warehousing, public spaces ...

EXPERIENCE: 15+ years in industrial environments

***High-performance
solutions built for
tough environments***

- Industrial floor coatings
- Line marking and safety demarcation
- Illuminated surface systems
- Anti-slip solutions
- Expansion joint and crack repairs
- Surface preparation and remediation
- Commercial and industrial painting
- Industrial building cleaning
- Custom safety and visibility solutions

A trusted partner for durable, compliant surface solutions

Clients work with Industrial CQ because we deliver high-quality results with clear communication and a steady, organised approach that keeps projects running smoothly.

Straightforward updates and reliable scheduling

You always know what's happening and when. No surprises, no chasing **Example:** Coordinating staged works to keep warehouse operations moving

Workmanship built for real industrial conditions

Our coatings, line marking, and illuminated systems hold up under heavy traffic and harsh environments. **Example:** High-visibility forklift zones that stay sharp and compliant long-term

Solutions tailored to your site

We assess the environment, workflow, and risks before recommending the right system. **Example:** Anti-slip treatments selected specifically for wash bays

Professional, tidy, and safety-focused on site

We work cleanly, efficiently, and with minimal disruption

EXPERIENCE MATTERS. RESULTS THAT LAST.

Industrial CQ combines practical site experience with proven surface systems to deliver durable, compliant and high-performing outcomes across industrial, mining and commercial environments.

We understand that every site is different. That's why we assess operational requirements, traffic conditions, safety risks and environmental factors before recommending the right solution.

Proven Industrial Experience

Delivering solutions across industrial, mining and commercial facilities.

Practical Site Knowledge

Understanding operational environments, shutdown requirements and safety obligations.

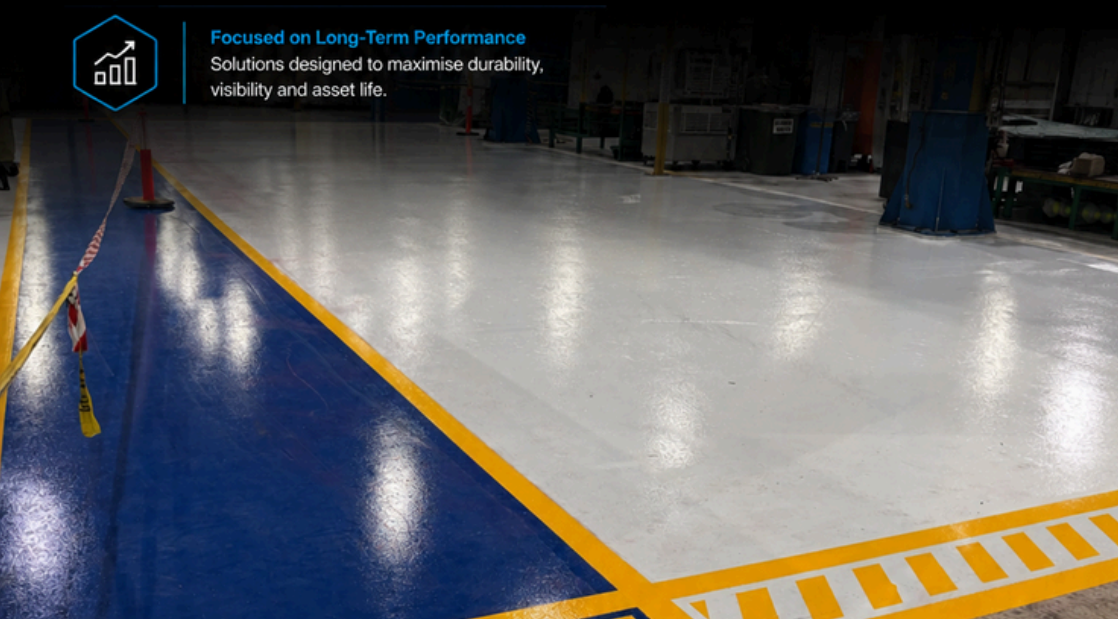

Quality Materials & Systems

Using proven coating and line marking systems designed for demanding conditions.

Focused on Long-Term Performance

Solutions designed to maximise durability, visibility and asset life.

BUILT FOR PERFORMANCE. DELIVERED ON SITE.

From surface preparation to final coatings, we deliver safe, durable and high-performing results that stand up to real-world industrial conditions.

PROJECT: MAKE WORKSHOP FLOOR SAFE AND CLEAN

- ✓ Applied industrial floor coating system to improve safety, cleanliness and durability.
- ✓ Line marking and hazard demarcation implemented for clear zoning and operational efficiency.
- ✓ Delivered a bright, easy-to-maintain surface built for heavy use.

PROJECT: REMOVE EXCESS CONCRETE

- ✓ Removed excess concrete to restore surface integrity and improve safety.
- ✓ Used specialised equipment and dust controlled grinding for minimal disruption and a clean finish.
- ✓ Prepared the surface for coating and line marking, ensuring long-term performance.

REAL PROJECTS. REAL PERFORMANCE.

We deliver safe, durable and high-quality surface solutions that improve safety, efficiency and workplace appearance.

PROJECT: MAKE WORKSHOP FLOOR SAFE AND CLEAN

- ✓ Applied industrial floor coating system to improve safety, cleanliness and durability.
- ✓ Line marking and hazard demarcation implemented for clear zoning and operational efficiency.
- ✓ Delivered a bright, easy-to-maintain surface built for heavy use.

PROJECT: KEEP OUR PEDESTRIANS SAFE

- ✓ Installed high-visibility floor coating to create safe pedestrian walkways.
- ✓ Applied line marking and hazard demarcation to guide movement and reduce risk.
- ✓ Improved safety, visibility and traffic flow within the facility.

QUALITY WORK. SAFER ENVIRONMENTS.

From internal spaces to external structures, we help keep workplaces safe, clean and built to perform.

PROJECT: CLEAN INTERIOR AND EXTERIOR OF ALL BUILDINGS

- ✓ Complete cleaning of interior and exterior surfaces.
- ✓ Removal of dirt, dust, and build-up to improve appearance and safety.
- ✓ Ensured all areas were clean, compliant and ready for operation.

PROJECT: FORKLIFT SAFETY SIGNAGE INSTALLATION

- ✓ Installed forklift safety signage in high-traffic areas.
- ✓ Designed to increase awareness and reduce the risk of incidents.
- ✓ Promotes a safer environment for workers, visitors and equipment.

BUILT BETTER. DELIVERED SAFER.

We take pride in delivering high-quality solutions that improve safety, extend asset life and keep operations moving.

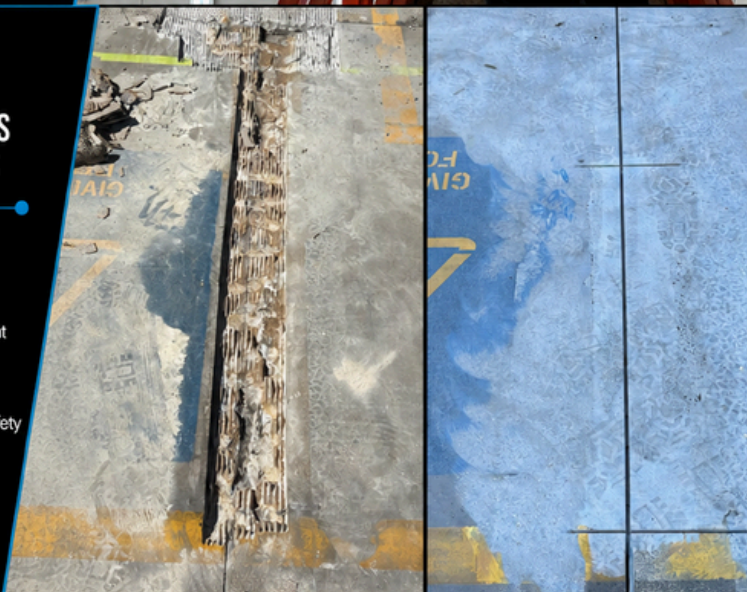

PROJECT: PAINT INTERIOR OF LARGE SPRAY BOOTH

- ✓ Surface preparation and cleaning to ensure optimal coating adhesion.
- ✓ Applied high-performance protective coating to interior walls and ceiling.
- ✓ Improved cleanliness, durability and resistance to wear and overspray.

PROJECT: REPAIR DANGEROUS EXPANSION JOINTS

- ✓ Removed damaged and deteriorated expansion joint material.
- ✓ Repaired and reinstalled expansion joint system to restore structural integrity.
- ✓ Reduced trip hazards and improved safety for workers and equipment.

QUALITY WORK. SAFER ENVIRONMENTS.

From concept to completion, we deliver high-performance solutions that enhance safety and stand the test of time.

PROJECT: **MOON DECK - ILLUMINATED SURFACES**

- ✓ Installed photoluminescent surfaces for enhanced visibility in low-light conditions.
- ✓ Improved safety by clearly marking walkways, stairs and high-risk areas.
- ✓ Charged by ambient light to provide long-lasting illumination without power usage.

● **PROVEN PROJECTS. REAL RESULTS.**

QUALITY WORK. SAFER ENVIRONMENTS.

From concept to completion, we deliver high-performance solutions that enhance safety and stand the test of time.

PROJECT: **MOON DECK - ILLUMINATED SURFACES**

Installed photoluminescent surfaces for enhanced visibility in low-light conditions.

Improved safety by clearly marking walkways, stairs and high-risk areas.

Charged by ambient light to provide long-lasting illumination without power usage.

SAFETY ISN'T A POLICY. IT'S HOW WE WORK.

At Industrial CQ, safety is embedded into every project, every task and every decision we make. From site preparation through to project completion, our team is committed to maintaining safe workplaces for our employees, clients and contractors.

SUPPORTED BY
PROJECTS ONE
S  FETY ONLINE

Industrial CQ utilises Projects One Safety Online to manage and maintain our safety systems, ensuring consistency, compliance and accountability across all projects.

- ✓ Site-specific risk assessments and SWMS
- ✓ Digital safety documentation and reporting
- ✓ Training and competency management
- ✓ Incident reporting and corrective actions
- ✓ Contractor and workforce compliance
- ✓ Continuous improvement and safety monitoring

**BECAUSE EVERY SUCCESSFUL PROJECT
STARTS WITH A SAFE WORKPLACE.**

PROJECTS ONE

S  FETY ONLINE

PROVEN PROJECTS. REAL RESULTS.

QUALITY ASSURANCE.

We are committed to delivering excellence through robust quality assurance processes, ensuring every project meets the highest standards.

OUR COMMITMENT TO QUALITY

- ✓ Rigorously tested processes to meet industry standards and client expectations.
- ✓ Continuous monitoring and improvement to ensure consistent project outcomes.
- ✓ Attention to detail at every stage, from planning to project completion.
- ✓ Accountability and transparency in all quality assurance activities.

**EXCELLENCE ISN'T JUST A GOAL,
IT'S OUR STANDARD.**

QUALITY ASSURANCE

PROTECTING OUR ENVIRONMENT.

We take our environmental responsibilities seriously and implement practical solutions that minimise impact and promote sustainability.

OUR COMMITMENT TO THE ENVIRONMENT

Complying with all environmental legislation and standards.

Reducing waste and pollution through proactive measures.

Using resources efficiently and promoting sustainable practices.

Preventing environmental harm through risk management.

Continuous improvement to achieve better environmental outcomes.

**A CLEANER ENVIRONMENT TODAY
FOR A BETTER TOMORROW.**

EPOXY FLOORING SYSTEMS.

*Durable, hygienic and
built to perform*

From industrial workshops and warehouses to commercial facilities and specialised environments, Industrial CQ delivers epoxy flooring solutions designed to withstand heavy traffic, chemical exposure and demanding operating conditions.

Our team prepares, repairs and coats concrete surfaces to create durable, low-maintenance flooring systems that improve safety, appearance and long-term performance. Whether it's a new installation or refurbishment of an existing floor, we work with clients to deliver practical solutions that meet operational requirements and minimise downtime.

APPLICATIONS:

Industrial Facilities

Workshops

Warehouses

Processing Plants

Commercial Buildings

High-Traffic Areas

Industrial strength epoxy coating

Resistant to chemicals, stains
and heavy wear

Enhances safety with slip-resistant
finishes

Low maintenance and
cost-effective

Long-lasting performance in
demanding environments

Minimises downtime with
efficient installation

BUILT TO PERFORM. BUILT FOR INDUSTRY.

POLISHED CONCRETE FLOORS.

*Durable finishes with
a professional edge*

Industrial CQ delivers polished concrete flooring solutions that combine strength, functionality and visual appeal. Suitable for commercial, retail and public environments, polished concrete provides a low-maintenance surface that is highly durable, easy to clean and built to withstand heavy use.

From new concrete placements to refurbishment of existing slabs, our team prepares, grinds, polishes and seals surfaces to achieve the required finish and performance outcome.

APPLICATIONS:

-  Commercial Buildings
-  Showrooms
-  Warehouses
-  Retail Spaces
-  Public Facilities

KEY BENEFITS:

-  Low maintenance and easy to clean
-  Heavy pedestrian traffic
-  Resistant to wear and heavy traffic
-  Enhances appearance and professionalism
-  Improves light reflection and brightness
-  Suitable for commercial and retail environments

**BUILT TO LAST.
FINISHED TO IMPRESS.**

OUR SERVICES.

ONE TEAM. COMPLETE SOLUTIONS.

Industrial CQ delivers high-performance flooring, surface treatment and safety solutions across industrial, mining, commercial and public environments. From surface preparation through to specialised coatings and illuminated safety systems, we provide practical solutions built for durability, compliance and long-term performance.

SERVICES WE DELIVER

INDUSTRIAL FLOOR COATINGS

Protective coating systems designed to improve durability, safety and appearance.

LINE MARKING & SAFETY DEMARCATION

Clear, compliant markings for pedestrians, vehicles, equipment and operational zones.

ANTI-SLIP SOLUTIONS

Surface treatments that improve traction and reduce slip hazards.

ILLUMINATED SURFACE SYSTEMS

Photoluminescent pathways, stairways and safety markings for low-light environments.

CONCRETE SURFACE PREPARATION

Grinding, scarifying, shot blasting and remediation for optimal surface performance.

EXPANSION JOINT & CRACK REPAIRS

Repair and remediation solutions that restore integrity and extend asset life.

SEAMLESS FLOORING SYSTEMS

Durable, hygienic flooring solutions for workshops, warehouses and processing facilities.

COMMERCIAL & INDUSTRIAL PAINTING

Protective and aesthetic coatings for facilities, structures and specialised environments.

CUSTOM SAFETY & VISIBILITY SOLUTIONS

Tailored surface systems designed to improve workplace safety and operational efficiency.

INDUSTRIAL BUILDING CLEANING

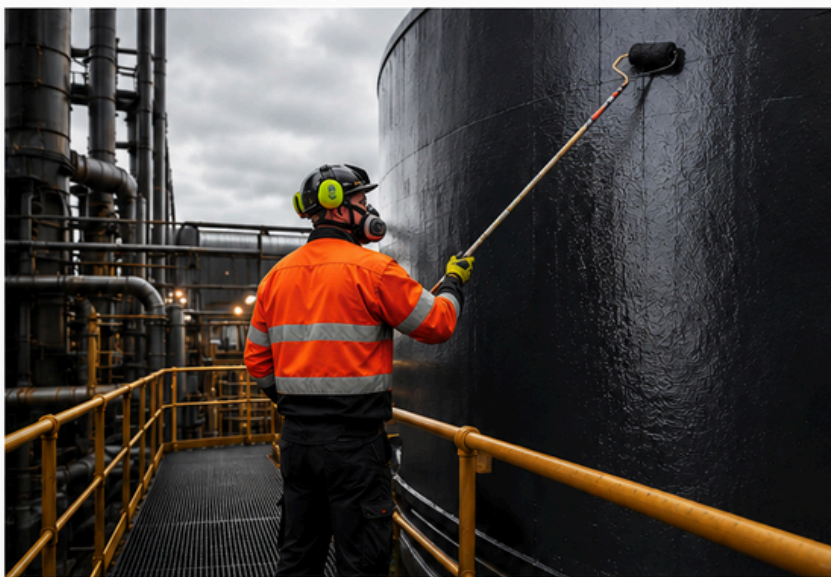

Internal and external cleaning services to improve presentation, safety and asset longevity.

POLISHED CONCRETE FLOORS

Low-maintenance, highly durable finishes combining performance with visual appeal.

Robert Oliver - Head of Field Operations

The technical brains behind our success

Rob has 35 years of hands-on experience and a knack for solving the problems no one else can. He keeps our projects moving — coordinating the team, maintaining equipment, quoting, and managing site safety with a practical, no-fuss approach.

Qualifications: Cert III Painting & Decorating | Cert III Concreting | High Risk Work Licence (EWP) | WAH | First Aid & CPR

Summer Irons - Apprentice

Skilled, determined and breaking barriers

A rising star in the industry, Summer is a young apprentice with 5 years' hands-on experience and a work ethic that rivals seasoned professionals. She's fearless on the tools—painting at heights, tackling complex jobs, and proving that talent and tenacity matter more than tradition.

Qualifications: Working towards Cert III Painting & Decorating | Cert IV WHS | High Risk Licence (EWP) | WAH | First Aid & CPR

Wendy Bishop - CEO

Communicator and compliance champion

Wendy leads with clarity, grit, and a deep understanding of the work, built from time on the tools over a decade ago. She's a seasoned safety consultant and expert communicator, driving our WHS systems, client engagement, and tailored compliance solutions. Her mix of technical rigour and creative problem-solving keeps every project running smoothly, safely, and with a touch of flair.

Qualifications: Cert IV Workplace Health and Safety | Cert IV Small Business Management | First Aid & CPR
